## WE CAN SAY NO!

of a unique ambition of the President of this  
er the War, in the surplus electronics business in  
roximately 25 years, that electronics surplus  
esent location in San Rafael 17 years ago, we  
who was going to be able to supply the wants of  
This was almost unheard of in those days and

say "Yes" to 75% of our customers, we would  
mind, we began buying almost anything our  
his soon became a logistical nightmare. After  
cellent computer system that grows with our  
tronics Plus, Inc. is a 100% computerized  
aken care of, our merchandise mix is so varied  
believe we say "Yes" to more than 90% of our

etent sales staff and exacting buying, we pride
